

Imaging test to be performed:

## Breast Cyst Aspiration

Patient's name: \_\_\_\_\_

Test date: \_\_\_\_\_

Test time: \_\_\_\_\_

*See other side for test location and registration instructions*

What You Need To Know

### How to prepare for your test:

No special preparations. If you have had mammograms done at another facility, however, we will need to have these films.

### How long will the test take?

About 1 - 2 hours.

### What is the purpose of the test?

Removal of fluid from a lump in the breast.

### How is the test performed?

Guided by ultrasound images of the breast, the physician will begin by numbing the area of interest. The physician will then pass a needle through the skin and remove fluid from the lump. This fluid may be sent to the lab for further evaluation.

### Required before test:

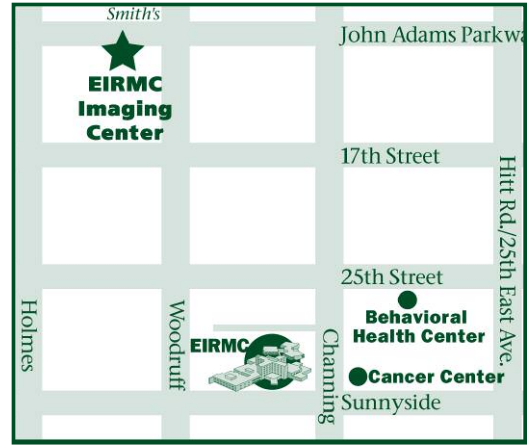

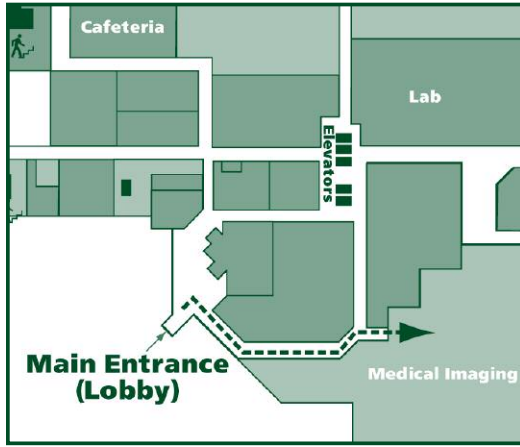

Please provide a signed physician order to perform the exam.

Results will be sent to your ordering physician after a radiologist's review.

# Your test will be conducted at:

**EIRMC (main campus)**  
 Medical Imaging Department  
 3100 Channing Way  
 Idaho Falls  
**208-227-2600**

**EIRMC Imaging Center**  
 1670 John Adams Pkwy  
 Idaho Falls  
**208-535-4555**

## How to register:

Please arrive 10 – 15 minutes early to register (unless you are instructed differently). See the following schedule for guidance on where and when to register. You will need to show a copy of your insurance card and driver's license each time you register.
